Even though Science is a requirement for three years of high school, it is also one of the most interesting classes to take in high school. Students are able to do experiments in all the classes. Freshmen students study Biology. In Biology students do plant experiments. Sophomores take Health and physical science. In physical science students build toothpick pyramids. Juniors study chemistry during their junior year. In chemistry they make Christmas ornaments and s'mores. Seniors have the chance to take Human Biology. In Human Biology, students have an opportunity to dissect cats, deer heart, and owl pellets. Overall, science keeps the students busy, and excited to learn more every day.

We need to know what's going to happen, to agree on what's going on. Let us help decide. Let us approve.

Student Council has been amazing. I have been in the student council my whole high school career. I remember all the student exchange days, and the times where we went out and set up for the homecoming events. As a senior I know I will absolutely miss being apart of the Hillite's Student Government.

"Student Council is especially important to me. From being a Student Council member for the past four years, I have learned to love my fellow councilmen and built a family-type relationship with them. Student Council is a way to meet new people and help the school as well as the outside community."

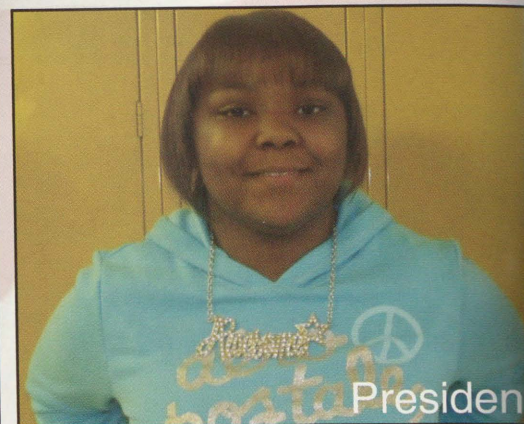

Student Council Advisor:
Mr. Kieran Astley

What does being Student Council President mean to you?

"Being appointed President for the Student Council means more than just a "Good Look" on a college application. When Mr. Astley granted me with the position, it demonstrated his trust and belief in me to be a young adult and to make strong decisions. This role allows me to exercise my ideas and goals for the school with council members as well as staff throughout the school system. Lastly, as president I am working with students of various ages and ethnicities which is teaching me patience and teamwork."

Jalen Adams is 6'4" and wears the number 14. He plays small forward, but plays like he's the only one playing against his opponent. He is dedicated to basketball more than any player on the team. He has an average of 21 points and 8 rebounds. His favorite dunk is the between the legs. Adams is an outgoing person who loves playing basketball. His game quote is: "It's more than a game." His life quote is: "Always put God first, and you can do any thing as long as you try."

The Varsity Boys basketball team had a great season. Big wins were against Saginaw High and Muskegon. Their overall record was 14-5. Yenta Sanders said, "That this year we are way better than last and being very competitive had a lot to do with our success. We play as a team this year with no selfishness being shown on the court." The team plans to do very well in post season play. District play starts on March 1st. Good Luck! Go Jacks!

Girl's Varsity Basketball

The Arthur Hill High School girls basketball team this year had everyone willing to work and give it their all everytime they stepped out on the court. Brittany Wilson said, " The team is not just a team; we are a family. We work hard and push each other until we cannot push ourselves anymore." In this team there is only one mind set for them and that is winning and bringing the state championship home. Hard work and determination will pay off for them in post season play.

*The first sound you made was well worth the wait,
The moment I saw you I know it was fate.
Ten fingers and toes and a head full of hair,
The face of an angel, all I could do was stare,*

*at this beautiful blessing that was given to me,
I wondered just what kind of mother I'd be.
She's crying, she's hungry, Mom, what should I do?
You hold her, you feed her, it will all come to you*

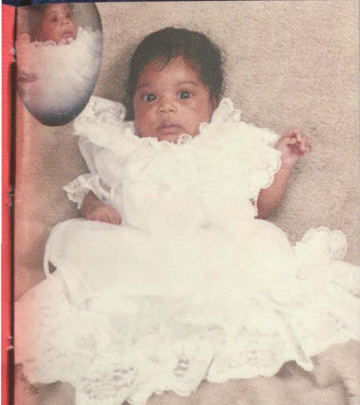

*Twelve years of school have come and gone,
and soon you will begin a life of your own.*

*My prayer for you is that God leads the way,
so pray to Him daily, He won't let you stray.*

*May He bless you and guide you in all that you do,
through good times and bad he will be there for you.*

*The love in my heart for you is so strong,
It's there forever right where it belongs.*

*It's time for you now to prosper and grow,
but before you start I want you to know.
My memories of you are cute dresses and curls,
I'll always see you as my sweet baby girl
May God Bless You
On This New Journey
Love Mom*

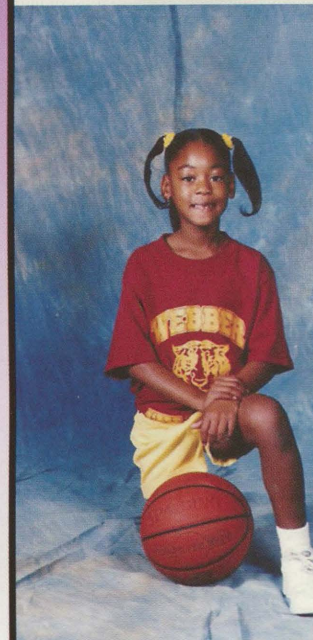

A Poem For My Daughter

Hey Miss Lady
 My Joy! My Heart!
 My, how you've grown
 It seems like only yesterday
 I held your frightened little hand.
 As you started pre-school
 and your educational journey began.
 Now! That high school is ending and
 College is just beginning.
 A new chapter awaits you
 As you make a new start.
 You have your whole life before you
 To make your dreams come true.
 And God will be with you in everything you do.
 Now it's time to say goodbye
 As you spread your wings and fly.
 So shed a tear and share a smile
 And remember all the while
 That behind that young lady
 I will always see.
 My beautiful daughter
 A precious baby to me!
